CONTENTS

JANUARY, No. 1

Relapses with Chesson strain *Plasmodium vivax* following treatment with chloroquine. GEOFEREY M. JEFFERY 1

Further studies on cross-resistance between pyrimethamine and related compounds JOSEPH GREENBERG AND HOWARD W. BOND 14

Differences in the course of *Plasmodium berghei* infections in some hybrid and backcross mice. JOSEPH GREENBERG 19

Intestinal parasitic infections in Forsyth County, North Carolina. IV. Domestic environmental sanitation and the prevalence of *Entamoeba histolytica*. T. T. MACKIE, J. W. MACKIE, C. M. VAUGHN, N. N. GLEASON, B. G. GREENBERG, E. S. NENNINGER, M. N. LUNDE, L. L. A. MOORE, J. A. KLUTTZ AND M. O. TALIAFERO ... 29

Intestinal parasitic infections in Forsyth County, North Carolina. V. Prevalences of individual parasites. T. T. MACKIE, J. W. MACKIE, C. M. VAUGHN, N. N. GLEASON, B. G. GREENBERG, E. S. NENNINGER, M. N. LUNDE, L. L. A. MOORE, J. A. KLUTTZ AND M. O. TALIAFERO 40

The effect of rabbit antisera on the ability of *Entamoeba histolytica* to phagocytose red blood cells. JAMES G. SHAFFER AND JOSEPH ANSFIELD 53

Glucosamine in the culture of *Entamoeba histolytica* with a mixed bacterial flora. M JOSEPH GREENBERG, D. JANE TAYLOR AND HOWARD W. BOND 62

The use of fumagillin in the treatment of amebiasis. GAMAL NOR EL-DIN 67

Erythromycin in the treatment of amebiasis. GAMAL NOR EL-DIN 72

West Nile virus infection in arthropods. HERBERT S. HURLBUT 76

The transmission of Western equine encephalitis virus by the mosquito *Culex tarsalis* Coq. HERBERT C. BARNETT 86

Experimental studies of concurrent infection of canaries and of the mosquito *Culex tarsalis* with *Plasmodium relictum* and Western equine encephalitis virus. HERBERT C. BARNETT 99

Histoplasmin sensitivity in Indonesia. LIE KIAN JOE, NJO-INJO TJOEI ENG, PHYLLIS Q. EDWARDS AND FREDRIK DECK 110

Studies in shigellosis. V. The relationship of age to the incidence of *Shigella* infections in Egyptian children, with special reference to shigellosis in the newborn and in infants in the first six months of life. T. M. FLOYD, A. R. HIGGINS AND M. A. KADER 119

A method for the isolation of *Salmonella typhi* from blood clot. KENNETH C. WATSON ... 131

The dried filter paper technique for sending stool specimens to a laboratory for bacteriologic examination. LIE KIAN JOE 133

On the infectivity of the Formosan strain of *Schistosoma japonicum* in macaques. H. F. HSÜ AND S. Y. LI HSÜ 136

Schistosomiasis in Saudi Arabia. Treatment with lucanthone hydrochloride (Nilodin) and with sodium antimonyl gluconate (Triostam). M. L. TARIZZO 145

Fatal hematemesis in *Schistosoma mansoni* infection. BEN C. WILLARD, JR. 150

Oral and intraperitoneal treatment of *Acanthoceilonema* (*Dipetalonema*) *perstans* with diethylcarbamazine. H. STROHSCHNEIDER 158

Effect of topically applied DDT on development of *Plasmodium vivax* and *P. falciparum* in *Anopheles quadrimaculatus*. ROBERT W. BURGESS 163

Infectivity of *Plasmodium berghei* for *Anopheles quadrimaculatus* and other mosquitoes. BETTIE L. CELAYA, EDITH D. BOX, AND WENDELL D. GINGRICH 168

The loss and redevelopment of insecticide resistance in Egyptian house flies. ROBERT L. PEFFLY AND A. A. SHAWARBY 183

Efficacy of the clothing impregnants M-2065 and M-2066 against terrestrial leeches in North Borneo. Bryce C. Walton, Robert Traub and Harold D. Newson 190
Books received 196

MARCH, NO. 2

Immunity patterns in the guinea pig following *Toxoplasma* infection and vaccination with killed *Toxoplasma*. Ernest C. Cutchins and Joel Warren 197
Isolation of *Trichomonas vaginalis* from fungi and bacteria. I. de Carneri 210
Liver function in intestinal amebiasis. N. L. Chitkara and H. K. Chuttani 213
The influence of chemotherapy on the mortality rates of tsutsugamushi disease in northern Japan, and some other statistical information. Yoshio Hara and Toshio Abe 218
Histoplasmin testing in Africa and southern Asia. Phyllis Q. Edwards, Anton G. Geser, Erik H. Kjølbye, Johannes Meijer and Ole Worm Christensen 224
World-wide geographic distribution of histoplasmosis and histoplasmin sensitivity. Phyllis Q. Edwards and Joyce Hilleboe Kiær 235
Enterobius vermicularis as a probable vector of *Dientamoeba fragilis*. Robert B. Burrows and Martin A. Swerdlow 258
A survey of human intestinal parasites in a fishing village of northern Egypt. William H. Wells and Wilson Blagg 266
The first case of *Dipylidium caninum* found and identified in a human being in Guatemala. Horace Figueroa M. and Francisco J. Aguilar 269
A modified precipitin technique for determining the source of mosquito blood-meals. Joseph H. Schubert and Lillian V. Holdeman 272
Evaluation of sodium-pentachlorophenate as a molluscicide in Egypt. Robert E. Kuntz 274
A field technique for quantitative estimation of the molluscicide sodium pentachlorophenate based on fish mortality rates. John W. Klock 286
Effect of the snail *Marisa cornuarietis* on *Australorbis glabratus* in natural bodies of water in Puerto Rico. José Oliver-González, Preston M. Bauman and A. S. Benenson 290
Studies on the biological control of schistosome-bearing snails. I. The control of *Australorbis glabratus* populations by the snail, *Marisa cornuarietis*, under laboratory conditions. Eli Chernin, Edward H. Michelson, and Donald L. Augustine 297
Studies on the biological control of schistosome-bearing snails. II. The control of *Australorbis glabratus* populations by the leech, *Helobdella fusca*, under laboratory conditions. Eli Chernin, Edward H. Michelson, and Donald L. Augustine 308
An artificial membrane and apparatus for the feeding of the human body louse *Pediculus humanus corporis*. William Haddon, Jr. 315
The maintenance of the human body louse *Pediculus humanus corporis* through complete cycles of growth by serial feeding through artifiicial membranes. William Haddon, Jr. 326
Adult fly production from garbage can sites and privy pits in the lower Rio Grande Valley. John W. Kilpatrick and Malen D. Bogue 331
Books received 340
Book reviews: *The Zoonoses in their Relation to Rural Health*, by Meyer; *Infant Nutrition in the Subtropics and Tropics*, WHO Monograph Series No. 29, by Jellife; *Kwashiorkor*, by Trowell, Davis and Dean; *Man's Mastery of Malaria*, by Russell; *Malaria, a World Problem*, by Pampana; *The Natural History of Tsetse Flies*, by Buxton; *Mosquitoes of North America (North of Mexico)*, by Carpenter and LaCasse; *DDT das Insektizid Dichlordiphenyltrichloräthan und seine Bedeutung*, Vol. 1, Müller, ed.; *The Halogenated Aliphatic, Oletinic, Cyclic, Aromatic, and*

Aliphatic-Aromatic Hydrocarbons, by von Oettingen; *Biochemical Determinants of Microbial Diseases*, by Dubos; *Mental Hygiene in Public Health*, by Lemkau; *The Rural Hospital, Its Structure and Organization*, by Bridgman; *A Dictionary of Terms in Pharmacognosy and Other Divisions of Economic Botany*, by Hocking; *World Distribution of Spirochetal Diseases*, 1 and 2, by American Geographical Society 340
Transactions of the American Society of Tropical Medicine and Hygiene 350

MAY, No. 3

Functions of the spleen in immunity. Presidential Address. WILLIAM H. TALIAFERRO 391
The confusing epidemiology of malaria in California. HAROLD FARNSWORTH GRAY. Charles Franklin Craig Lecture 411

SYMPOSIUM ON NEWER KNOWLEDGE OF VIRAL AND RICKETTSIAL DISEASES

Introduction. EDWIN H. LENNETTE 419
Problems revealed by the expanding use of tissue culture procedures in studies on infectious agents. THOMAS H. WELLER 422
Cells in continuous culture for study of viruses. JEROME T. SYVERTON 430
Immunization against poliomyelitis with living attenuated virus. HILARY KOPROWSKI 440
Present knowledge of the clinical significance of the adenoidal-pharyngeal-conjunctival group of viruses. WALLACE P. ROWE AND ROBERT J. HUEBNER 453
The rickettsiae: comments on recent observations on biology and epidemiology. JOHN C. SNYDER 461
Immunization against epidemic typhus. JOHN P. FOX 464

Survey of mosquitoes captured in Honduras for yellow fever virus. ENID DE RODANICHE 480
Antibiotic dietary supplements in the therapy of childhood protein malnutrition. R. A. LEWIS, M. P. BHAGAT, M. M. WAGLE, B. S. KULKARNI AND R. S. SATOSKAR 483
RO 2-1160, a new drug for the treatment of amebiasis. DAVID T. MINTZ, JAY W. MILLER, PAOLO OTTOLENGHI, JEROME SCHACK, FREDERICK VAN ASSENDELFT AND HARRY MOST 497
The use of Glaucarubin (a crystalline glycoside isolated from *Simarouba glauca*) in the treatment of human colonic amebiasis. F. VAN ASSENDELFT, J. W. MILLER, D. T. MINTZ, J. A. SCHACK, P. OTTOLENGHI, AND H. MOST 501
Influence of the amino nucleoside of Puromycin on the course and pathology of trypanosome infections in rabbits and mice. ELEANOR JOHNSON TOBIE AND BENJAMIN HIGHMAN 504
A study of the etiology of "acclimatization diarrhea" among Americans in Egypt. THOMAS M. FLOYD 516
On the infectivity of the Formosan strain of *Schistosoma japonicum* in *Homo sapiens*. H. F. HSÜ AND S. Y. LI HSÜ 521
Experiments in the therapy of human trichuriasis and hookworm disease. MARK T. HOEKENGA 529
Institutional prophylaxis of enterobiasis. CHARLES H. CARTER AND MALCOLM C. MALEY 534
Treatment of oxyuriasis with pyrrovinyquinium chloride (Poquil). W. G. SAWITZ AND F. E. KARPINSKI, JR. 538
Some factors influencing egg laying in *Oncomelania nosophora* and *Oncomelania quadrasi*, intermediate hosts of *Schistosoma japonicum*. EDWARD D. WAGNER AND LOIS W. WONG 544
Effects of water level fluctuation on egg laying in *Oncomelania nosophora* and *Oncomelania quadrasi*. EDWARD D. WAGNER AND BARBARA MOORE 553

The incubation period of the eggs of *Oncomelania nosophora*. YURI OTORI, L. S. RITCHIE AND G. W. HUNTER, III 559
Studies on fly breeding in sanitary pit privies in South Georgia. ORLIN K. FLETCHER, JR., JAMES MAJOR AND ROBERT CABLE 562
Erratum 573
Books received 574
Book reviews: *Introduction to Virology*, by Dalldorf; *Virus and Rickettsial Diseases*, by Bedson, Downie, MacCallum and Stuart-Harris; A *Textbook of Medicine*, ed. by Cecil, Loeb, Gutman, McDermott and Wolff; *Origins of Resistance to Toxic Agents*, ed. by Sevag, Reid and Reynolds; *Nutrition in India*, by Patwardhan; *Dried BCG Vaccine*, by Obayashi; *Chemotherapy of Malaria*, by Covell, Coatney, Field and Singh; *An Attempt to Control Leprosy by B. C. G. Vaccine in the Loyalty Islands*, by Lacour; *Map: World Distribution of Spirochaetal Diseases. 3. Leptospiroses*, by American Geographical Society 574

JULY, NO. 4

A study of the ecology of West Nile virus in Egypt. R. M. TAYLOR, T. H. WORK, H. S. HURLBUT AND FARAG RIZK 579
The isolation of Ilhéus virus from wild caught forest mosquitoes in Trinidad. C. R. ANDERSON, T. H. G. AITKEN AND W. G. DOWNS 621
Neutralizing antibodies against certain viruses in the sera of residents of Trinidad, B.W.I. W. G. DOWNS, C. R. ANDERSON AND M. THEILER 626
Studies on an outbreak of influenza in Beirut, Lebanon. GARABED A. GARABEDIAN, AVEDIS DONABEDIAN AND F. ABU-HAIDAR 642
Host-virus relations in encephalomyocarditis (EMC) virus infections. I. Infections of wild rats. L. KILHAM, P. MASON AND J. N. P. DAVIES 647
Host-virus relations in encephalomyocarditis (EMC) virus infections. II. Myocarditis in mongooses. L. KILHAM, P. MASON AND J. N. P. DAVIES 655
The cerebello-extrapyramidal form of trypanosomiasis. Report of a case simulating an abiotrophy with post-mortem study. PETER JANSSEN AND LUDO VAN BOGAERT 664
Conservation of *Trichomonas* in monobacterial cultures. I. DE CARNERI 677
Hydroxychloroquine in the treatment of malaria. MIGUEL NIETO-CAICEDO 681
Bacteriological assay of small bowel secretion in tropical sprue. HYMAN NADEL AND FRANK H. GARDNER 686
An epidemic of histoplasmosis in Venezuela. HUMBERTO CAMPINS, CARLOS ZUBILLAGA, Z., LUIS GOMEZ LOPEZ AND MANUEL DORANTE 690
An intestinal parasite survey in the high Cordilleras of Peru. I. E. H. PAYNE, L. GONZALES-MUGABURU AND E. M. SCHLEICHER 696
Observations on *Ascaris* during fluoroscopy. JUN MAKIDONO 699
Fibrosis of the liver of Egyptian children and adults. R. M. DIMMETTE 703
Studies on schistosomiasis. XII. Some ointments protecting mice against the cercariae of *Schistosoma mansoni*. GEORGE W. HUNTER, III, HARDY A. KEMP, HARRY E. SMALLEY, ORIN P. WILKINS AND CARL F. DIXON 713
The record of *Ancylostoma braziliense* as an intestinal parasite of man in North America. PAUL C. BEAVER 737
Effects of tetrachlorethylene without a purge, followed by ferrous sulfate in ancylostomiasis. A. R. PINTO, F. COTIUNHO COSTA, L. V. DE MEIRA AND J. PACHECO VIANA 739
The relation of physiography to the types of freshwater environments and the presence of *Australorbis glabratus* in Puerto Rico. HAROLD W. HARRY AND BILLY G. CUMBIE 742
Correspondence 757
Books received 760
Book reviews: *A Review of Work on Indian Medicinal Plants*, by Chopra; *Yellow Fever*

Vaccination, by Smithburn *et al.*; *Manual de Micologia Médica*, by da Silva Lacaz; *Précis D'Épidémiologie et Prophylaxie des Grandes Endémies Tropicales*, by Reynes 760

SEPTEMBER, NO. 5

Diagnosis of *Trypanosoma cruzi* infection by complement fixation. ELMER F. CHAFFEE, EARL H. FIFE, JR. AND JOHN F. KENT 763
Serological response of a rural Negro population to the Sabin-Feldman cytoplasm-modifying test for toxoplasmosis. COLVIN L. GIBSON, DON E. EYLES, NELL COLEMAN AND CLINTON S. SMITH 772
Final report on the first use of Puromycin for the treatment of sleeping sickness. CARLOS TRINCÃO, A. R. PINTO, ALMEIDA FRANCO AND ALFREDO NOGUEIRA 784
The incidence of *Trichomonas vaginalis* in the various age groups. LOUIS G. FEO 786
Poliomyelitis in Liberia. HENRY M. GELFAND AND MAX J. MILLER 791
Isolation of the virus of Ilhéus encephalitis from mosquitoes of the genus *Psorophora* captured in Honduras. ENID DE RODANICHE 797
Transmission of Eastern equine encephalitis to horses by *Aedes sollicitans* mosquitoes. W. D. SUDIA, D. D. STAMM, R. W. CHAMBERLAIN AND R. E. KISSLING 802
Studies of dengue fever virus (Hawaii mouse adapted) in lactating hamsters. REGINALD L. REAGAN, FRANCES S. YANCEY AND A. L. BRUECKNER 809
Studies in shigellosis. VI. Observations on incidence and etiology of diarrheal disease in Egyptian adults. THOMAS M. FLOYD, JAMES W. BLAGG AND M. A. KADER 812
Biological and bacteriological studies on *Escherichia coli* in the housefly, *Musca domestica*. ROBERT L. INGRAM, JOSEPH R. LARSEN, JR. AND WARREN F. PIPPEN 820
The relative egg producing capacity of *Schistosoma mansoni* and *Schistosoma japonicum*. DONALD V. MOORE AND JACK H. SANDGROUND 831
Intradermal reactions to *Schistosoma japonicum* and *S. mansoni* antigens in schistosome dermatitis cases. H. F. HSÜ AND D. J. AMEEL 841
Cytochemical studies on the hepatic tissue of mice following infections with *Schistosoma japonicum*. TOSHISADA SAWADA, KEIZO HARA, KOJI TAKAGI, YASUCHIKA NAGAZAWA AND SUKETAKA OKA 847
Pulmonary arteriovenous fistulas and arterial distribution of eggs of *Schistosoma mansoni*. J. LOPES DE FARIA 860
Thrombocytopenic purpura due to Fuadin (Stibophen). JULIO V. RIVERA, HECTOR F. RODRIGUEZ AND E. PÉREZ-SANTIAGO 863
Distribution of *Echinococcus* disease in northwestern Canada. R. W. WOLFGANG AND J. B. POOLE 869
Studies on *Echinococcus alveolaris* (Klemm, 1883), from St. Lawrence Island, Alaska. III. The histopathology caused by the infection of *E. alveolaris* in white mice. SAROJAM K. MANKAU 872
Mass treatment of ascariasis with a single dose of piperazine citrate. F. O. ATCHLEY, D. N. WYSHAM AND E. C. HEMPHILL 881
An evaluation of the standardized direct smear for egg counting in parasitological work. JOSÉ F. MALDONADO 888
Murine typhus fever and rat ectoparasites in Puerto Rico. IRVING FOX 893
Some observations on the bionomics of the common mosquitoes of the Nile delta. HERBERT S. HURLBUT AND BERNARD WEITZ 901
The influence of mating on egg production by *Aedes aegypti*. CALVIN A. LANG 909
An artificial feeding procedure for *Aedes aegypti* using sucrose as a stimulant. CALVIN A. LANG AND ROBERT C. WALLIS 915
Stream gradient as a criterion of lotic habitats suitable for *Australorbis glabratus* in Puerto Rico. HAROLD W. HARRY AND BILLY G. CUMBIE 921
Report of a case of human intestinal myiasis caused by *Leptocera venalicia*. DON W. MICKS AND J. WARREN MCKIBBEN 929

Erratum 933
Books received 934
Book reviews: *Veterinary Parasitology*, by Lapage; *Annual Review of Entomology*, by Steinhaus *et al.*; *Laboratory Identification of Pathogenic Fungi Simplified*, by Hazen *et al* 934

NOVEMBER, No. 6

World-wide malaria distribution, prevalence, and control. PAUL F. RUSSELL 937
The time required to reach eradication in relation to malaria constitution. ARNOLDO GABALDON 966
A pilot project of residual-insecticide spraying to control malaria transmitted by the *Anopheles punctulatus* group in Netherlands New Guinea. D. METSELAAR 977
Some aspects of concomitant infections of plasmodia and schistosomes. I. The effect of *Schistosoma mansoni* on the course of infection of *Plasmodium berghei* in the field vole (*Microtus guentheri*). MEIR YOELI 988
Experimental *Entamoeba histolytica* infections in man. PAUL C. BEAVER, RODNEY C. JUNG, HARRY J. SHERMAN, THOMAS R. READ AND THOMAS A. ROBINSON 1000
Intestinal parasites in an Egyptian village of the Nile valley with emphasis on the protozoa. DEANER K. LAWLESS, ROBERT E. KUNTZ AND C. P. A. STROME 1010
Experimental chemoprophylaxis of amebiasis. PAUL C. BEAVER, RODNEY C. JUNG, HARRY J. SHERMAN, THOMAS R. READ AND THOMAS A. ROBINSON 1015
Experimental transmission of yellow fever by Central American species of *Haemagogus* and *Sabethes chloropterus*. PEDRO GALINDO, ENID DE RODANICHE AND HAROLD TRAPIDO 1022
Studies of the Sindbis virus. Part I. Susceptibility of the cave bat by various routes of exposure. REGINALD L. REAGAN, FRANCES S. YANCEY, SING CHEN CHANG AND A. L. BRUECKNER 1032
Studies of the Sindbis virus. Part II. Susceptibility of the suckling hamster by various routes of exposure. REGINALD L. REAGAN, FRANCES S. YANCEY, SING CHEN CHANG AND A. L. BRUECKNER 1034
Some aspects of yaws in Liberia. F. S. DA CRUZ-FERREIRA AND H. STERENBERG 1036
The laboratory diagnosis of typhoid fever in areas of endemicity. K. C. WATSON AND W. LAURIE 1051
Studies on *Pasteurella pestis* in fleas. V. The experimental plague-vector efficiency of wild rodent fleas compared with *Xenopsylla cheopis*, together with observations on the influence of temperature. LEO KARTMAN AND FRANK M. PRINCE 1058
Some new comparative investigations on three *Physopsis* borne schistosomes: *Schistosoma haematobium*, *S. bovis* and *S. intercalatum*. J. SCHWETZ 1071
Studies on the helminth fauna of Alaska. XXX. The occurrence of *Echinococcus multilocularis* Leuckart, 1863, on the mainland of Alaska. ROBERT RAUSCH 1086
Mosquito collections and dissections for evaluating transmission of filariasis in Polynesia (Tahiti). DAVID D. BONNET, JOHN F. KESSEL, JACQUES KERREST AND HERALD CHAPMAN 1093
ACTH as an adjunct to the treatment of loaiasis. JAMES H. THOMPSON 1103
Books received 1106
Book reviews: *La Lèpre*, by Chaussinand; *The History of the School of Tropical Medicine in London*, by Manson-Bahr 1106
